SUMMARY

Product Manager with over **3 years of experience** in leading product development, stakeholder management, and strategic planning in **Fiat Transactions and Payments methods**. Passionate about launching **innovative payment and financial solutions** that drive business growth. Skilled in **aligning product initiatives with business strategy**, fostering collaboration between technical and non-technical teams, and enhancing **user experience and engagement**. Proven ability to **scale products**, optimize processes, and **generate revenue growth** through data-driven decision-making.

EXPERIENCE

Product Lead | Abantether, Apr 2024 - Mar 2025 (11 mos)

- **Led a cross-functional team of 7**, including **4 backend developers, 1 frontend developer, 1 QA engineer, and 1 designer**, to drive Fiat transaction development and execution.
- **Reduced manual admin actions by 87%** in Fiat services (from 3.3 to 0.4 actions per request), significantly improving operational efficiency.
- **Implemented Identified Deposit Service**, eliminating provider costs (**100M Tomans to zero**), generating **700M Tomans in direct revenue**, and removing the **25M deposit limit**.
- Launched **Deposit Plus**, enabling **instant, unlimited fiat deposits** for users.
- **Developed automated reconciliation service** for all fiat deposit and withdrawal methods, improving accuracy and reducing manual overhead.
- Implemented the **Partners Dashboard**, introducing exclusive features such as **custom IBAN withdrawals, unlimited withdrawals**, and **discounted pricing** for premium users.
- Reduced **Age of Unresolved Sentry Issues** to **less than 1 month**, enhancing system stability and response times.
- Launched **card-to-card deposit** method, increasing **instant deposits under 10M Tomans by 17%**.
- Enabled **direct withdrawals** from AbanTether accounts, providing instant withdrawal **across 6 major banks** and cutting **provider costs by 200M Tomans**.
- **Migrated fiat services (Identified Deposit, Card-to-Card, Deposit Plus, and Rial Withdrawals) to microservices architecture**, enhancing scalability and performance.
- **Redesigned the AbanTether Wallet**, improving user experience and streamlining deposit and withdrawal flows.

Product Manager | Abantether, Jan 2022 - Apr 2024 (2 yr 3 mos)

- Reduced **customer dissatisfaction from 15% to 5%** by implementing an **auto-refund mechanism** in Fiat settlements.
- **Led a 6-member team** (3 developers, 1 QA, 1 designer, 1 performance marketer) to launch **AbanLoan**, generating **2B Tomans revenue in 2 months**, issuing **1,000+ loans (30B Tomans total)**, and acquiring **6,000 new users**.
- Developed an **asset management system** in the admin panel, enhancing financial stakeholder oversight.

- Launched **Identified Deposits**, driving **100B Tomans in deposits in the first month** (now averaging 300B/month).
- Launched **Direct Debit**, enabling unlimited user deposits, adding **4B Tomans in the first month**.
- Implemented the **Professional Portfolio feature**, allowing users to track profit/loss per asset and overall investments.
- Implemented **WebEngage**, optimizing user **engagement** and **retention** strategies.
- Grew **active app users by 10%** within the first month of launching the Flutter version.
- Boosted **NPS by 40%** post-launch of the Flutter version (increase from 2.3 to 3.1).
- Increased **user session duration by 30%** after the Flutter app launch.
- Achieved **30,000+ downloads** in Q1 1403 across Cafe Bazar, Myket, Sibapp, and direct sources.
- Defined **user stories for Fiat transactions & loan features**, ensuring a UX-first approach in microservice implementation.
- Integrated **payment gateways** (Zibal, Toman, Sadad, Jibit, Vandar), increasing **successful deposit rate by 5% and overall deposit volume by 3%**.
- **Redesigned the company website**, identifying and resolving key UX pain points, resulting in **25% growth in pages per session and 12% increase in session duration**.
- Launched a **credit card product**, enabling purchases of gift cards, debit, and prepaid cards, targeting **500 gift card sales & €20K deposits in the first month per OKR**.

CRM And Call Center Manager | [Abantether](#), Jul 2021 - Jan 2022 (7 mos)
